Parenting Programmes
Individual and Group Work with Children
Eden Child Contact Centre**

WHO ARE EAST CUMBRIA FAMILY SUPPORT?

We are an independent voluntary organisation which helps families with young children cope when life is difficult. We assist families with issues relating to emotional well being, living with disability and ill health and parenting, and offer support to access other services.

HOME SUPPORT

Trained volunteers support families by providing practical and emotional help with parenting, respite, and offer kindness, understanding and a listening ear. The relationship that grows between a volunteer and a family builds confidence, self esteem, trust and respect. This helps a family to recognise what they do best and feel worthwhile. The support volunteers provide is led by the needs of the children and adults themselves, and enables the family to flourish through the development of their own personal resources to ultimately lead more fulfilling and happy lives together. If more appropriate this support can be offered by one of our experienced Family Support Workers .

WORK WITH PARENTS

GROUP WORK WITH PARENTS

We offer a range of parenting programmes—Triple P, Family Links Nurture Group and Buttercups—to help parents who are at different stages of their parenting and relationship with their child. The groups help parents to grow in confidence, recognise their own strengths and enhance parent and child relationships so that children grow up secure in their parents ability to care for their physical and emotional wellbeing and make the right choices and decisions to keep them safe.

INDIVIDUAL WORK WITH PARENTS

We support parents to recognise the positives and strengths that they have within their family. We also help them to identify where there are gaps and needs and how to tackle them. Together we set up a SMART Family Support Plan that is specific to their needs and one that has realistic expectations of all the family. By measuring the progress on a regular basis the family support staff are able keep the support focussed.

WORK WITH CHILDREN

GROUP WORK WITH CHILDREN

The Best Buddies group for 5-8 year olds and the Monday Club for 8-11 year olds are attended by children after school. The groups are for children who may have low self esteem, experience difficulties making relationships and have issues dealing with conflict.

The children are allowed time to talk and express themselves freely in a relaxed atmosphere. Focus is placed on promoting positive interaction through play and team work to enable the children to develop their social skills and confidence. The facilitators support the children to enter into discussion as to the best ways to deal with situations as they arise. Encouraging children to verbalise their feelings in a positive manner is one of the main aims of the group, and raising their self esteem and understanding their social skills enables them to become confident adults.

INDIVIDUAL WORK WITH CHILDREN

While we are working with parents on parenting or relationship issues we can provide 6 sessions of individual work with the child to explore their wishes and feelings and for them to tell us what it is like for them to live in their particular situation. This helps us to focus the parenting support and for the child's voice to be heard and listened to within the Family Support Plan.

EDEN CHILD CONTACT CENTRE

Eden Child Contact Centre offers supported contact between children and their non-resident parent or other members of their extended family, in a safe, neutral and welcoming environment. It is staffed by a Co-ordinator and trained volunteers. The centre is open on alternate Saturdays from 9am—1pm, and volunteers help on a rota basis.

HOW DO I FIND OUT MORE?

To find out more about the help we can offer please write, telephone or call in to:
